### STOP THE FIRST COLD.

A cold does not get well of itself. The process of wearing out a cold wears you out, and your cough becomes serious if neglected. Hacking coughs drain the energy and sap the vitality. For 47 years the happy combination of soothing antiseptic balsams in Dr. King's New Discovery has healed coughs and relieved congestion. Young and old can testify to the effectiveness of Dr. King's New Discovery for coughs and colds. Buy a bottle today at your druggist, 50c. 1.

## Slip a few Prince Albert smokes into your system!

You've heard many an earful about the Prince Albert patented process that cuts out bite and parch and lets you smoke your fill without a comeback! Stake your bank roll that it proves out every hour of the day. Prince Albert has always been sold without coupons or premiums. We prefer to give quality!

There's sport smoking a pipe or rolling your own, but you know that you've got to have the right tobacco! We tell you Prince Albert will bang the doors wide open for you to come in on a good time firing up every little so often, without a

regret! You'll feel like your smoke past has been wasted and will be sorry you cannot back up for a fresh start.

You swing on this say-so like it was a tip to a thousand-dollar bill! It's worth that in happiness and contentment to you, to every man

who knows what can be gotten out of a chummy jimmy pipe or a makin's cigarette with Prince Albert for "packing"!

R. J. REYNOLDS TOBACCO CO.  
Winston-Salem, N. C.

This is the reverse side of the tidy red tin

THE Prince Albert tin, and in fact, every Prince Albert package, has a real message-to-you on its reverse side. You'll read—"Process Patented July 30th, 1907." That means that the United States Government has granted a patent on the process by which Prince Albert is made. And by which tongue bite and throat parch are cut out! Everywhere tobacco is sold you'll find Prince Albert awaiting you in tippy red bags, so tidy red tins, 10c; handsome pound and half-pound tin humidors and in that clever crystal-glass humidor, with sponge-moistener top, that keeps the tobacco in such fine condition—always!

### BABY HAD WHOOPING COUGH

Mrs. Sam C. Small, Clayton, N. M., writes: "My grandson had whooping cough when he was three months old. We used Foley's Honey and Tar and I believe it saved his life. He is now big and fat." Foley's Honey and Tar is a fine thing to have in the house for whooping cough, croup, coughs, colds. For sale by Reed & Burnett.

## Pomona

John Warner closed his singing school Thursday evening after a successful term of ten days, which was greatly enjoyed by the young people hereabouts.

Mrs. F. H. Washburn spent part of last week in Rockwood.

John Ettien and mother left last week for Michigan, where they will remain with relatives and friends for several weeks.

Mr. and Mrs. Roy Loshbough, of Crossville, have charge of the Ettien home while the owners are away.

"The farm's the thing," is the prevalent idea now that farm products keep soaring skyward, but how many men with several acres of good plateau land are seen standing around these days with a grudge at the world generally because they have to pay a little more now for a sack of flour than they did a year or so ago. Why not quit growling. You can't buy flour with a grudge, and go to work, and raise something of your own to sell. Then, presto change! What a grin you will wear when the other fellow reaches down in his jeans and pays you two dollars a bushel for potatoes, ditto for corn, and ten dollars a bushel for beans! Then just remember that the wheat grower is wearing the same sort of grin when you pay one-fifty for flour. Or if you are one of these dissatisfied farmers who believes there is a soft snap waiting for him in some city, go and see for yourself and turn over your farm to that poor city chap who is vainly trying to stretch a moderate salary over the house rent, grocery, meat, coal, gas and water bills. Furthermore, break not your heart over the life pension you lost when Wilson was re-elected. We know it is

hard to bear, but we all have our disappointments. And, come to think of it, have you ever written directly to Gov. Hughes about it? You know there could have been a mistake and there is no use weeping over a live corpse. Of course it is not probable, but it is just possible that you would have had to go back to work even if the election had gone differently. Every cloud has its silver lining you know.

The Pomona school, under the capable management of Miss Dora Hamby, is nearing the end of the fourth of the five months allotted it. Miss Hamby is bravely doing the work of two teachers in instructing and keeping order among about fifty young folks, ranging in age from six to eighteen. One hundred years hence, it we have the good fortune to revisit this old globe in an invisible airship of the 2016 model, we shall expect to see a towering monument erected in some fair corner of our land, with this inscription emblazoned on it: "In memory of the country school teachers of whose existence the world knew not until long after they were offered up on the altar of martyrdom."
